Lighting: **Audax lighting rules apply** for all rides up to and over 200km since their time limits extend past daylight hours, so lights are mandatory. Lighting rules can be viewed on the Audax website (follow the links below).

In addition, should a 50km or 100km ride be ridden outside daylight hours; that is, it is started before sunrise or the riders maximum time limit falls after sunset, the Audax Lighting Requirements apply.

There will be an inspection prior to commencement of the rides.
